Data Submission Changes Starting in FY2005 (July 2004 data)

- The following fields are no longer required:
 - Client Data Set
 - **Field 8** - Initial Contact Date
 - Event Data Set
 - **CA0-29** - Claim ID Number
 - **DA0-05** - Source of Pay (in second and third DA0 records only)
 - **DA0-28** - Medicaid ID Number
 - **EA0-26** - Admission Date
- Code '7' can be used in the Race field (Client field 10) to indicate "Multi-racial".
- Fatal Errors will now be included in the Accuracy count.
- A Possible Error will be generated if the DMHMRS Modifier 1 (Event field FA0-12/NTE02-4) is '38' (Adult CSU) or '39' (Child/Adolescent CSU) and the Provider NO (Event field CA0-28/NTE02-6) is not a CSU site.
- A Service From Date (Event Field FA0-5/DTP03) before 7/1/1997 will generate a Fatal Error.
- Employees' Dates of Birth (Human Resources Data Set Field 4) are no longer required.
- Place of Service (FA0-07/SV105) codes 35 – 39 are not valid HIPAA codes and will be considered errors.
- Homeless Indicator (Client Field 72) is now required; an invalid code in this field will generate a General Error.
- Client fields that currently allow '8'/'98' (Unknown/Not Collected) will also allow new codes '6'/'96' (Not Applicable) and '7'/'97' (Unknown). These new codes will supplement '8'/'98' (which will change to "Not Collected"). These changes are being made to meet new TEDS standards. However, these new codes will not be valid for the following Client fields:
 - Race (Field 10) – this field already has valid codes for '6' and '7'. Code '8' will be defined as "Unknown/Not Collected/Not Applicable"
 - Education (Field 12) – this field already has a valid code for '96'; therefore, '97' will be added (Unknown) and '98' will be defined as "Not Collected/ Not Applicable"
 - Marital Status (Field 14) – this field already has a valid code for '6'; therefore, '7' will be added (Unknown) and '8' will be defined as "Not Collected/Not Applicable".

Kentucky County Quiz!

For fun, see if you can name the Kentucky counties that answer the following questions (answers will appear next month).

Which Kentucky county has a name that . . .

1. . . . marks the end of each school class?
2. . . . you must do to water before you can cook eggs?
3. . . . is an old name for a highway?
4. . . . you put in a gun?
5. . . . could have come from an Arabian Desert?

Here are the answers to last month's quiz:

1. Lincoln County shares the name of the first U.S. president to be assassinated.
2. Fulton County is in two pieces, separated by Missouri.
3. Boone County is the farthest north.
4. Shelby County is named after Kentucky's first governor (Gen. Isaac Shelby).
